Tener recursos y herramientas de atención médica gratuitos es excelente, pero no ayudan mucho si no sabe cómo usarlos. Las preguntas frecuentes a continuación deberían responder a sus preguntas sobre la negociación de facturas, pero si no es así, estaremos encantados de hablar con usted. Simplemente contáctenos al 800-791-3365.

#### Entonces, ¿qué es la negociación de facturas?

Es un servicio gratuito que ofrece su plan de atención médica a través de Point Health (que somos nosotros) para ayudarlo a reducir sus gastos médicos de bolsillo.

#### ¿Cuándo debo utilizar la negociación de facturas?

Cuando tiene una factura médica que le gustaría que fuera asequible (que es la mayoría de las facturas médicas, porque seamos honestos, ¿quién no quiere una factura asequible?) Idealmente, debería utilizar este servicio antes de pagar la factura.

#### ¿Pueden ayudarme con cualquier tipo de factura?

Mientras Point Health puede ayudar a negociar la mayoría de las facturas, existen algunas exclusiones. Para ser elegible para la negociación, el total de facturas para un solo evento deberá ser igual o superior a un monto en dólares establecido por su plan. Comuníquese con nuestro equipo para analizar cómo podemos ayudarlo.

#### ¿Qué tengo que hacer para usar la negociación de facturas?

Simplemente llámenos con la información de su factura médica y lo tomaremos desde allí. Es posible que tengamos preguntas de seguimiento para usted a medida que analizamos diferentes formas de reducir su factura, pero en su mayor parte, simplemente siéntese y relájese mientras negociamos la factura en su nombre.

#### ¿Cómo me comunico con usted para reducir mi factura médica?

Simplemente llame a nuestros representantes de negociación de facturas médicas al 800-791-3365 o comuníquese con nuestro formulario de solicitud de servicio para miembros en [www.pointhealth.com/](http://www.pointhealth.com/) [member-support y comenzaremos.](#)

#### ¿Es realmente gratis?

¡Sí! Lo único que paga es la factura médica.

#### ¿Pueden ayudarme a encontrar una forma asequible de obtener un procedimiento o servicio médico que he pospuesto porque me preocupa el costo?

¡Absolutamente! Si su plan también ofrece navegación de Point Health, nuestros navegadores de atención médica lo ayudarán con eso.

Free healthcare resources and tools are great, but they don't help much if you don't know how to use them. The FAQs below should answer your invoice negotiation questions, but if not, we'd be happy to talk to you. Just contact us at 800-791-3365.

#### So what is invoice negotiation?

It's a free service offered by your health plan through Point Health (which is us) to help you lower your out-of-pocket medical costs.

#### When should I use invoice negotiation?

When you have a medical bill that you'd like to keep affordable (which most medical bills are, because let's be honest, who doesn't want an affordable bill?) Ideally, you should use this service before you pay the bill.

#### Can you help me with any type of invoice?

While Point Health can help negotiate most bills, there are some exclusions. To be eligible for negotiation, the total invoices for a single event must equal or exceed an amount in dollars established by your plan. Contact our team to discuss how we can help you.

#### What do I have to do to use invoice negotiation?

Just give us a call with your medical bill information and we'll take it from there. We may have follow-up questions for you as we explore different ways to lower your bill, but for the most part, just sit back and relax while we negotiate the bill on your behalf.

#### How do I contact you to reduce my medical bill?

Just call our medical bill negotiation representatives at 800-791-3365 or contact our request form member service at [www.pointhealth.com/member-support](http://www.pointhealth.com/member-support) and we'll get started.

#### Is it really free?

Yeah! The only thing you pay is the medical bill.

#### Can you help me find an affordable way to get a medical procedure or service that I have put off because I am concerned about the cost?

Absolutely! If your plan also offers Point Health navigation, our healthcare navigators will help you with that.
